### DRIVE-BY FALL PARADE

WHEN:

FRIDAY, SEPTEMBER 17, 2021

Due to the present circumstances regarding Covid here at the Manor the decision was made to not move ahead with the Drive-By Fall Parade at this time. It did not seem fair to those presently confined to their hall to miss out on this event.

### ACTIVITY & EXERCISE CHANGES

Effective immediately and until further notice there will be some changes to group exercises and activities. Due to Covid positive cases in the building we encourage mask-wearing when out of your room, sanitizing your hands and social-distancing when participating in activities. Both departments will incorporate Intercom exercises and activities, when possible, for the benefit of those in their rooms. Due to available space to accommodate everyone with social-distancing at Bingo we will have Bingo for the West Unit (Apple, Bluestem & Clover Lanes) on Thursdays and for the Main Unit (Friendship & Rosewood) on Mondays. Those in their rooms may play Intercom Bingo if they wish (Bingo papers will be handed out ahead of time).

## NATIONAL HEALTHCARE ENVIRONMENTAL SERVICES WEEK

September 6 – 10, 2021

During the second week in September, National Healthcare Environmental Services Week honors the men and women who ensure safe, comfortable and clean facilities all year long. These dedicated employees provide outstanding services. Their knowledge and skill not only keep medical facilities running smoothly, but they help support positive resident outcomes. When environmental services run smoothly, the medical concerns can be the focus of medical professionals. That's why environmental service specialists are vital to the operation of any facility. They are the frontline defense against serious infections throughout a facility. An environmental service specialist's discipline and dedication keep the residents and employees safe and healthy. The position can be physically demanding and requires attention to detail, as well. This week reminds us of the importance of healthcare environmental professionals. Moundridge Manor is recognizing their employees this week who work in the Housekeeping, Laundry and Maintenance departments. Surely their dedication helps make Moundridge Manor a 5-Star home in which to live – thank you, thank you! Following are the names of employees in these departments:

McPherson County continues to see an upward trend in new cases. It recommends all individuals 2 years old and above mask in indoor settings when 6-foot distance cannot be maintained while community transmission is high. Get vaccinated if you're eligible, stay home if you are sick, and wash your hands.

WELCOME
